

E6

Eidolon E6 is a 450W LED high-power outdoor waterproof gobo Framing Projector. It features a die-cast magnesium alloy housing, an IP66 protection rating, natural cooling technology, and an intelligent temperature control system to ensure stability and reliability. With a manual zoom range of 10°-55°, precise angle positioning, it is suitable for large-area, long-distance, and precise projection over extended periods. Equipped with an 8+1 color wheel, a 6+1 rotating gobo wheel, and prisms, it can achieve rich and colorful animated effects. The flexible integrated Framing system meets personalized projection needs. It is suitable for theme parks, amusement parks, landmark buildings, architectural facade, outdoor performances, and other venues.
